MICHELIN

MICHELIN CARGOXBIB HIGH FLOTATION

1 PRODUCTIVITY

Unique tread design delivers enhanced self cleaning abilities

First low pressure tire compatible with central tire inflation systems. A large contact patch, this tire offers max flotation and soil protection.

2 LOAD CAPACITY

High load capacities

Thanks to steel belted radial design this tire delivers high load capacities at high speeds.

3 DURABILITY

Robust design

Steel belted casing design for enhanced durability under high loads. Excellent puncture resistance and optimized load distribution. Solid rounded shoulders for greater resistance to irregular wear, reduced scrub and improved maneuverability.

TIRE CHARACTERISTICS

ADDITIONAL INFORMATIONS

APPLICABLE VEHICLES

MICHELIN CARGOXBIB High Flotation tire provides excellent flotation and durability, ideal for agricultural trailers carrying heavy loads.
