ROADBIB

RADIAL
TIRE

**THE SOLUTION FOR
HEAVY ROAD USE**

TENANT FARMERS
SEGMENT

MICHELIN

1 ENERGY EFFICIENCY

A wide footprint combined with a shallow tread provides low rolling resistance and reduced fuel consumption.

2 LONGEVITY

Extraordinary longevity
+20% more rubber to the ground vs. MICHELIN® MachXBib®. Exclusive design: new tread pattern and directional tires.

3 COMFORT

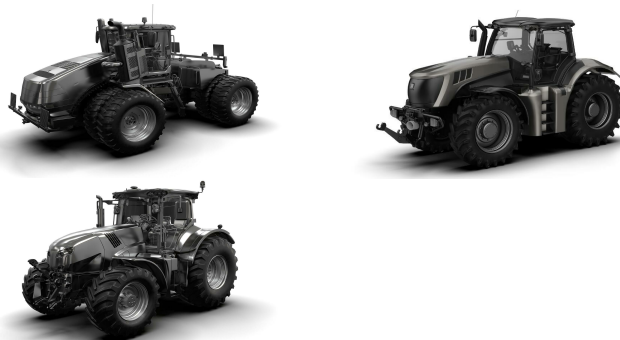

Great comfort
Full central rib improves casing stability and comfort on roads. Reduced space between patterns (compared to traditional sculptures) helps limit cabin vibration and tire noise.

TIRE CHARACTERISTICS

ADDITIONAL INFORMATION

APPLICABLE VEHICLES

We need to manage all hourly & mileage costs & be competitive for customers. The transport, spraying & worksite tractors are mostly driven on roads at high speeds.
