MICHELIN

MICHELIN[®] XTXL

1 LOAD CAPACITY

*** 3 Star load capacity with the new reinforced cable technology

Offers 10%⁽¹⁾ Highest strength and cable density versus XLDD1.

2 DURABILITY

Reinforced crown and sidewall resistance to aggression

Provides +40% metal mass, +50% thicker sidewall compared to the XLDD1⁽²⁾. A4 compound for high cut resistance available.

3 PRODUCTIVITY

Increased contact with the wheel and increased clamping force

Maximizes torque transmission for a better productivity with a wider bead design (+30%) on the rim versus XLDD1⁽²⁾.

TIRE CHARACTERISTICS

ADDITIONAL INFORMATION

APPLICABLE VEHICLES

MICHELIN XTXL is designed for the highest load condition in very abrasive soil, a reference for the block Handling application with high sidewall protection
