MICHELIN

MICHELIN X SNOPLUS

1 CONFIDENCE

Outstanding traction on snow and ice

The special rubber compound and aggressive lug design with added sipes provide maximum maneuverability in winter conditions and minimize the need for chains

2 VERSATILITY

All-season use

due to wide non-directional tread design.

3 DURABILITY

Dramatic reduction in downtime : the Michelin all-steel casing design has less flats than traditional bias-ply tires
Excellent wear life
Added sipes provide maximum maneuverability in winter conditions and minimize the need for chains

TIRE CHARACTERISTICS

ADDITIONAL INFORMATION

APPLICABLE VEHICLES

MICHELIN X SnoPlus is designed for exceptional grip on ice and snow. The tire robustness and the sculpture allow to use it as an all season tire on hard surface and compacted soil
