## 1 PRODUCTIVITY

With Michelin, your tires will last 14% <sup>(1)</sup> longer Up to 90% of Michelin tires are retreadable <sup>(2)</sup> thanks to the extreme quality of the tire body provided by MICHELIN C2 technology. Pushes the limits of durability while preventing plies from separating, the primary reason a tire cannot be retreaded.

## 2 TRACTION

The TMPH of this Michelin E3 tire is 34% <sup>(3)</sup> higher than the average TMPH of all its premium competitors. The TMPH of this Michelin E3 tire (including wide-base tires) is 34% <sup>(1)</sup> higher than the average TMPH of all its premium competitors.

## 3 LONGEVITY

With Michelin, your tires will last 14% <sup>(4)</sup> longer. Pushes the limits of durability while preventing plies from separating, the primary reason a tire cannot be retreaded.

### TIRE CHARACTERISTICS

### ADDITIONAL INFORMATION

#### APPLICABLE VEHICLES

MICHELIN XADN+ is designed for long cycles on hard soil and muddy conditions. The level of protection is optimized for soft rock and gravel surfaces.
